

PC1.5-2.0

MAXIMISE THROUGHPUT. MINIMISE FOOTPRINT.

1. POWERED HANDLING

Powered travel, lifting and lowering help operators move loads quickly with less effort

2. LITHIUM-ION POWER

Maintenance-free lithium-ion battery and brushless drive motor help reduce service needs

3. JOBSITE CONTROL

Emergency reverse and optional caster wheels help support support control in tight spaces

4. BUILT TO LAST

Heavy-duty steel chassis, protective covers and easy service access help maximise uptime.

MORE THROUGHPUT

Move more product in fewer trips with capacity up to 2,000 kg.

LESS DOWNTIME

Fast charging, recharge alerts and rugged components help keep trucks available.

LOWER HANDLING COSTS

Low-maintenance design helps reduce service requirements and ownership costs.

TOUGH APPLICATIONS

Galvanised option supports food, beverage and corrosive environments.

This compact electric pallet truck combines maneuverability and lifting power to keep heavier loads moving efficiently through crowded warehouses and dock areas.
