For nearly 90 years, Hyster has conquered the world’s most demanding applications. In the 1920’s Hyster began as a manufacturer of lifting machines used in the rigorous logging industry of the United States’ Pacific Northwest. A few years later the first forklift trucks were invented and the Hyster brand quickly gained its reputation for rugged quality. Hyster® lift trucks are designed to lower your cost of operations. Every truck we make — whether powered by gasoline, LPG, diesel, lead acid, CNG, lithium-ion or hydrogen fuel cells — is purpose-built to excel in its application. Every truck is also backed by an unmatched network of specialists.

Special Products Engineering Department (SPED) — Different materials require different handling. That’s why we can work with you to customize your lift trucks. From strobe lights to specially made forks, SPED has the tools to help you get the job done right.

Dealer Network — Our dealer network can offer the expertise of fleet managers, parts suppliers, capital procurement specialists and trainers. Carefully chosen dealers fully understand customer applications, so we select the right dealer and provide field, relative support.

Rental Products — When leasing or buying isn’t a practical option, we have access to more than 14,000 units for short- and long-term rental. We’ll help you maintain output in a cost-effective manner.

Operator Training — Proper education in operating lift trucks minimizes the risk of injuries due to accidents while increasing productivity. Hyster offers OSHA-compliant materials that support the training of qualified operators.

Parts — With genuine Hyster® replacement parts and UNISOURCE™ parts for all makes of lift trucks, we can keep your equipment running. Hyster trucks run cleaner, last longer and cost less to own. We’re committed to providing high-quality products and world-class service.

Special Product Engineering Department (SPED) — Ask Hyster about alternative strategies for lift truck financing. From heavy-duty forklift trucks to handler trucks, Hyster can help you design a finance plan that works for your unique requirements.

Hyster Capital — We can arrange solutions for special financing requirements, taking the difficulties out of buying the equipment you need. Whether you purchase or lease a new or used lift truck, Hyster Capital offers superior service and competitive rates.

Service — Your local Hyster® dealer offers a full range of lift truck services, including parts and service to keep your equipment running at peak productivity levels. Proper preventive maintenance is absolutely essential for maintaining high productivity levels and reducing downtime.

Supplier — Your local Hyster® dealer offers custom solutions, including custom parts and service to keep your equipment running at peak productivity levels. Hyster service programs offer a full range of repair services for rental equipment, along with other industry-standard services, including: "free" service calls, parts support, repair service, and system management services.

INNOVATIVE TRUCKS ENGINEERED TO MEET THE MOST DEMANDING APPLICATIONS

PRODUCT SELECTION GUIDE

WHAT MAKES HYSTER® TRUCKS THE TOUGHEST TRUCKS IN THE WORLD?

Our integrity. Our ingenuity. Our tenacity. Our ability to adapt to new demands. To transform objectives into solutions. To support operators. And improve solutions that keep the world moving forward.

TOUGH

When a materials handling application demands dependability... when nothing but the grittiest makes the grade... the answer is Hyster® — among the toughest lift trucks on earth. Hyster® products combine innovative design, industrial-strength components, engineering excellence and a reputation for reliability. Hyster is a leading provider of lift trucks and one of the foremost names in the lift truck industry.

RESOURCEFUL

Employees are expected to do more than lift and move parts. So your materials handling equipment should offer you more than lifts and wheels. Hyster provides expert consultancy and responsive local service through a worldwide network of Hyster® lift truck dealers. Together, a complete package of products and services imparts efficiency in business while driving costs out and increasing material handling flow.

COMPREHENSIVE

Explore a world of comprehensive range of materials handling equipment. From the largest container handlers and reach stackers, to nearly every type and size of industrial forklift trucks to special warehousing equipment. For more information, visit www.hyster.com or call toll-free 1-800-HYSTER-1. (We speak Spanish.)
